

Yachtclub Breitenbrunn

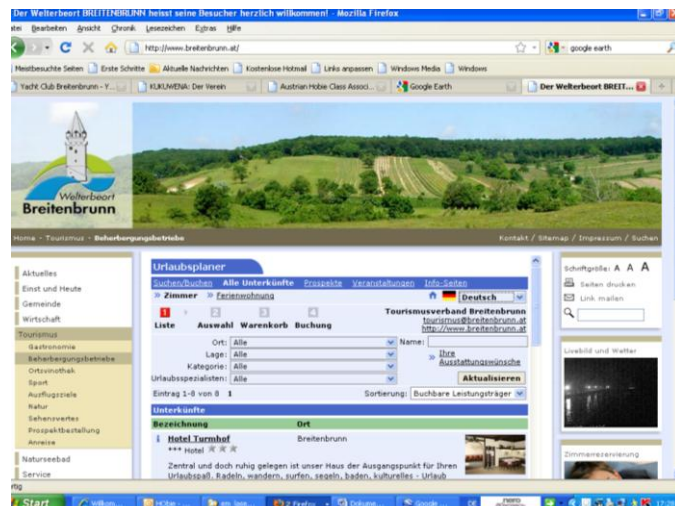

Welcome to Austria especially the Burgenland and the Yachtclub Breitenbrunn!
We are delighted that Lake Neusiedl has been chosen by EHCA as the venue for next year's Multi-Europeans. We will do our best to make your days in Breitenbrunn as pleasant as possible.

Lake Neusiedl, with its good wind conditions, offers the ideal initial basis for these championships. There is plenty of room to lay the courses and sometimes the winds can prove a very real challenge.

We hope that you will be pleased not only with the sporting part of the event, because the inhabitants of this part of the country, which looks back on many centuries of civilization, have a good deal to offer in the way of art and culture, too.

If you want to see and learn more about the town Breitenbrunn : www.breitenbrunn.at
On this website you can find all tourist-information's and also make room reservations.

Yachtclub Breitenbrunn

If you are interested in art and culture of the world heritage naturpark breitenbrunn you need to make a look to the picture gallery of <http://kukuwena.at>

In the winter months we prepare everything for the Multi-Europeans. Starting with the event-homepage, notice of race, team building land and water, looking for sponsorship, planning the infrastructure on land, conform to the requirements from the government.....

When we have a strong winter and it's cold enough you can see another beautiful side of the lake and practice your ice-sailing, ice-skating or just make a walk on lake neusiedl.

Hope I could give you some impressions of your event location 2011.

Coming Soon: event homepage with more information, notice of race
